

What can I learn at Bee School?

Learn why Bees are important to us  
and why we NEED bees to live.

Learn about the importance of  
products from the hive - not just  
yummy honey!

Learn what's involved in keeping  
Bees from local Hobby and  
Commercial Beekeepers.

Learn for information, for  
education, for fun, to help our  
environment or for profit.

When: Fridays beginning Feb 10<sup>th</sup>  
7pm-9pm  
(registration begins at 6pm on Feb  
10<sup>th</sup>)

Where: South Congregational  
Church in Concord, NH (2<sup>nd</sup> floor)  
(Near corner of Pleasant and South  
State St)

## Honey Bees and Me?

What's the BUZZ?

Learning is fun at the

Capital Area  
Beekeeper's Association  
Bee School

Capital Area Beekeepers' Association  
2nd annual Bee School  
2012 schedule

Classes and meetings are from  
7 pm - 9 pm  
Registration on Feb 3rd and 10<sup>th</sup>  
from  
6 pm - 6:55 pm

Students are welcome and  
encouraged to attend the monthly  
meetings - Registrations accepted  
Through February 3rd!

Feb 3<sup>th</sup> CABA monthly meeting  
Feb 10<sup>th</sup> Intro to Bees  
Feb 17<sup>th</sup> Equipment  
Feb 24<sup>th</sup> Hive Management  
March 2<sup>nd</sup> Pest Management  
March 9<sup>th</sup> CABA monthly meeting  
March 16<sup>th</sup> TBD  
March 23<sup>rd</sup> Products from the Hive  
March 30<sup>st</sup> Reserved for snow day/  
Hands on workshop/ Mentor Meeting  
April 20<sup>th</sup> - CABA monthly meeting  
April 27<sup>th</sup> Bringing it all together  
Last class - Date TBD - Live hiving!

What can I expect?

First - expect to have fun! Expect to  
be surprised and expect to become  
unexpectedly excited about this  
fascinating and important creature.

Next - Expect a combination of  
lecture and hands on activities to  
bring the learning to life! We'll use  
books, handouts, pictures, videos and  
actual equipment (sorry no bees  
until the live hiving!)

Now - Expect not to sit on your  
hands - expect to participate!

Lastly - Expect homework - that's  
right folks, we can't teach  
everything in just a few classes - but  
we CAN get you started and provide  
a support structure for whatever  
aspect of Beekeeping lights you up.

What do I bring?

Bring a sense of adventure, a thirst  
for learning and a notebook and  
pencil.

Bring your questions and concerns.

Bring your family and don't do this  
alone - invite a friend to share the  
fun!  
(Separate registration required for  
non-family members)

Bring a snack to share if you can -  
we'll provide refreshments.

Become a member and join a  
supportive and interactive group  
where in just a few classes we will  
cover the amazing lifecycle of the  
honeybee, tools, equipment and hive  
assembly, day to day care for your  
bees and products of the hive.

See you in February!
